**TEN PIN BOWLING**

Ten pin bowling is great activity and enjoyed by many.

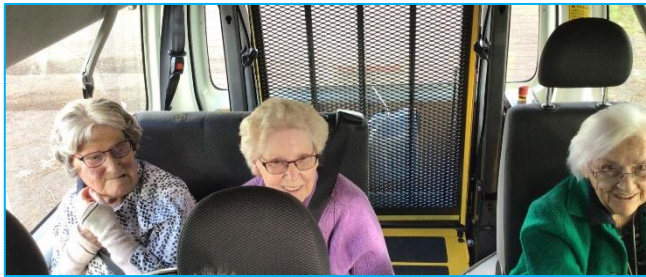

**BUS TRIP**

The residents enjoyed a bus outing to Panmure to look at the river after a large downpour in the district.

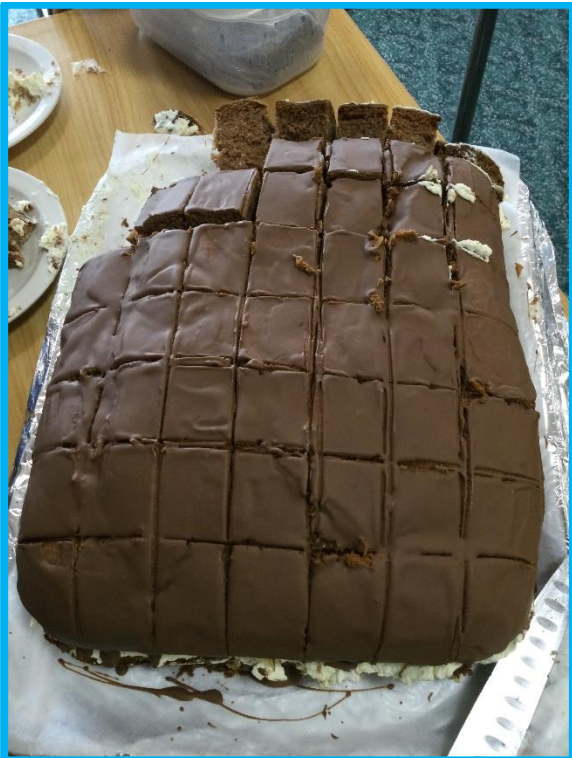

George wanted to go for a swim but forgot his swimming togs; he suggested going in his birthday suit! All of the bus voted 'No!' Great time had by all.

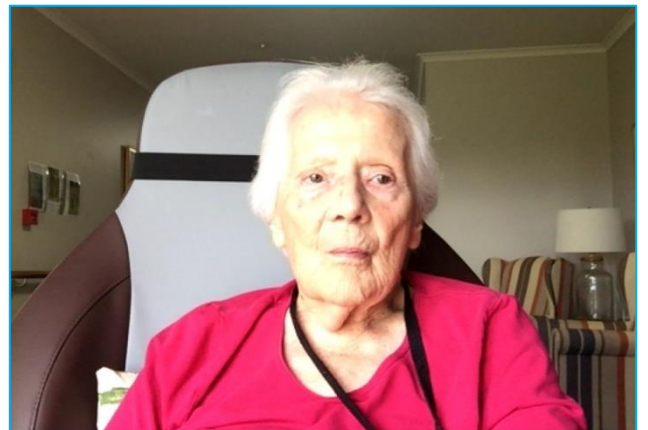

## BIRTHDAYS

We had three birthdays in June. With Bert on the 9<sup>th</sup>, Ian on the 12<sup>th</sup> and Bernice on the 13<sup>th</sup>. They were again celebrated with beautiful sponge cakes from our lovely catering/kitchen team.

## RESTRICTIONS

While aged care facilities were closed to visitors for a short period during June, some of our residents kept in contact with their families via Messenger.

## AUSSIE

With the colder weather setting in, Aussie makes himself at home wherever he chooses.

## NEW RESIDENTS

During June we welcomed Yvonne & Pauline for respite at Sunnyside. We also had the pleasure of welcoming Pat. We hope you have all had a chance to introduce yourselves to our new residents and make them feel very welcome.

## VALE

During June we farewelled Doreen.

To her extended family and friends, we offer our sincere sympathy. She will be fondly remembered.

## NEW STAFF

Please welcome Kelly to our Catering/Cleaning/Laundry team at Sunnyside.

## BALLOON GAMES

Balloon games are fun for all and also great exercise. Everyone can play. Jenny brings Scotty in on Fridays. He is a favourite with the residents and enjoys a lot of pats.

## FOOTY TIPPING

Footy tipping is going well and it's a very close contest! Bill is in 1<sup>st</sup> place, with Dorrie in 2<sup>nd</sup> and Rose not far behind in 3<sup>rd</sup>.

Top 3 after Round 16	
Bill	92
Dorrie	88
Rose	86

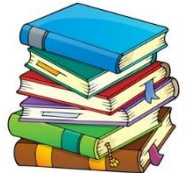

## COOKING

Cooking is always a very popular activity at Sunnyside. We have made beautiful apple cream slice, rocky road, and many other delicious treats this month.

## CEASING OF OUTREACH VAN LIBRARY SERVICE

Please note the mobile library service provided by the Corangamite Shire was disrupted, and ceased, with COVID-19 and hasn't been reactivated since.

At this stage, we would like to advise this service will not recommence.

Should residents wish to borrow any items from the Corangamite library, we encourage family or friends to borrow the items on their behalf. Alternatively, we have large library in the Lake Bullen Merri wing.

On behalf of Sunnyside, we thank the Corangamite Shire mobile library for its service over the years.

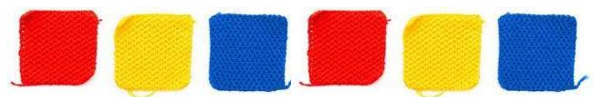

## KNIT AND KNATTER

The knit and knatter group is going very well. The group has decided that the squares we have been knitting are going to go to Sue, a lovely lady in Terang, to be made into blankets to go to people in need.

Sue sells a lot of homemade craft such as beanies, bed socks, etc. and the money she makes she forwards to cancer research.

The lifestyle staff are very excited to work alongside Sue to give back to the community by helping to knit squares for the blanket.

## CEO REPORT

The government has mandated all aged care workers must have had their first COVID-19 vaccination by 17<sup>th</sup> September, 2021. Residents from the Robinson Street Clinic received their second vaccination on Thursday 8<sup>th</sup> July, 2021. The Camperdown Clinic residents will receive theirs Thursday 22<sup>nd</sup> July, 2021. The uptake by the residents has been fantastic – keeping them and our community safe.

“The Victorian COVID-19 Cancer Taskforce warns that one in four patients with cancer who contract COVID will die from the virus.” Don’t you be the one to give COVID to someone with cancer or anyone else.

Stay safe and warm  
Claire

## DID YOU KNOW??

### Did You Know?

The theme song for iconic British sitcom *Mr. Bean* is a hidden joke in and of itself. The beautifully sung Latin choral music begins the show with “*Ecce homo qui est faba*” — “Behold the man who is a bean” and ends the show with “*Vale homo qui est faba*” – “Farewell, the man who is a bean”.

### Did You Know?

Humans have the same number of vertebrae in their necks as giraffes.

### Did You Know?

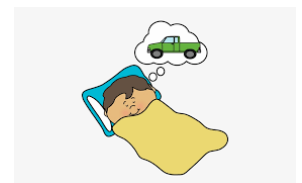

When awake, the human brain produces enough electricity to power a small light bulb.

### Did You Know?

Unless food is mixed with saliva you can't taste it
